No.4/23 Akrona Buildings
Vepery High Road
Madras.Dated 11 th January 1946

To

Brigadier K.M.Cariappa
New - Delhi

From
Dr.A.Nader M.A.,M.COM.,Ph.D.
(Fomerly Officer Commanding Gauhati Censor Station)

Dear Sir,

May I have your kind permission to address you by this personal letter ? Whilst I was on active service in 1944 and 1945 in Assam and East Ben Bengal it was my desire to meet you should an opportunity arrived ;but I was not fortunate enough.My intention was to place before you certain matters in the interest of the Indian Army.

Now ,as I understand that you are connected with and keenly interested in the WAR MEMORIAL MILITARY ACADEMY,I am very anxious to meet you and place before you a scheme of lectures on subjects necessary in the training of our future officers.Should you desire you can summon me in this connection to New-Delhi any time convenient to you. I would indeed be delighted and consider it a privilege to meet you and discuss any subject in connection with the proposed Academy .

My six years army life that brought me into contact with the men and officers of the various Commands and Armies i.e. N.W.,Southern,Eastern,and the glorious XIV,has given me wide experience of men and matters in our present Indian Army .And being an experienced educationist in civil life ,I feel that Indian Army education specially that of our officers requires much to be improved .

I am sending you by book post my book THE BIO ECONOMIC PROBLEM OF INDIA treating on Mass Welfare published in 1940 just before I entered Military service. I am also enclosing a summary of my qualifications which will give you an idea of my educational activities in my civil life . Sir Maurice Gywer and Dr.Amar Nath Jha know me personally and my Career in Agra and Delhi.My release group was 10 but the Adjutant General has deferred it .Service Selection Board has recommended me for educational activities in the Army .

With kind regards and respects
I remain ,
Dear Sir,
Yours Sincerely

A.Nader
